The Crop Insurance Act (Ontario)

PLAN

2. The purpose of this plan is to provide for insurance against a loss in the production of flax resulting from one or more of the perils designated in section 4.

INTERPRETATION

3. In this plan,
 - (a) "average farm yield" means the average of previous yields of the seeded acreage computed on the basis of acreage production records of the insured person or on such other basis as the Commission approves;
 - (b) "flax" means flax grown for the purpose of harvesting as flax seed, but does not include fibre flax.

DESIGNATION OF PERILS

4. The following are designated as perils for the purposes of this plan:

1. Drought.
2. Excessive heat.
3. Excessive moisture.
4. Excessive rainfall.
5. Flood.
6. Frost.
7. Hail.
8. Insect infestation.
9. Plant disease.
10. Wind.

DESIGNATION OF CROP YEAR

5. The crop year for flax is the period from the 1st day of March in any year to the last day of February next following.

CONTRACT OF INSURANCE

6. For the purposes of this plan, the entire contract of insurance for flax shall be deemed to be comprised of,

- (a) the contract of insurance in the form prescribed by Regulation 156 of Revised Regulations of Ontario, 1970;
- (b) an endorsement for flax in Form 2;
- (c) the application for insurance;
- (d) the final acreage report for each crop year; and
- (e) an amendment to any document referred to in clauses a, b, c or d agreed upon in writing.

7. An application for insurance shall,

- (a) be in Form 1;
- (b) be accompanied by a premium deposit of at least \$15; and
- (c) be filed with the Commission not later than the 1st day of May in the crop year in respect of which it is made.

DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made, and shall continue in force for each crop year thereafter until it is cancelled by the insured person or the Commission in the manner prescribed by subsection 2 or is terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 1st day of May in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) Subject to subsections 2 and 3, the coverage provided under a contract of insurance shall be 70 per cent of the average farm yield in pounds of the total acreage seeded to flax by the insured person in accordance with the regulations.

(2) The coverage provided under subsection 1 shall be increased following each consecutive no claim year as follows:

- 1. Following the first no claim year to 73 per cent of the average farm yield.
- 2. Following the second no claim year to 76 per cent of the average farm yield.
- 3. Following the third no claim year to 78 per cent of the average farm yield.

4. Following the fourth no claim year to a maximum of 80 per cent of the average farm yield.

(3) The coverage provided under subsections 1 and 2 shall be decreased for claim years from the insured level in reverse progression to that prescribed by subsection 2 to a minimum of 70 per cent of the average farm yield.

(4) The number of pounds determined under subsections 1, 2 and 3 constitutes the total guaranteed production under a contract of insurance.

10. The maximum indemnity payable for a loss in production of flax in a crop year is the amount obtained by multiplying the total guaranteed production determined under section 9 by the established price per pound determined under section 11.

11.—(1) For the purposes of this plan the established price for flax is,

- (a) 5¢;
- (b) 6½¢; or
- (c) 8¢,

per pound.

(2) Where,

- (a) the insured person applies therefor in writing on or before the 1st day of May in a crop year; and
- (b) the Commission consents in writing,

any established price designated herein may be substituted for the established price selected by the insured person at the time a contract of insurance is made, or any established price substituted in lieu thereof under this section.

(3) Where, upon any renewal, the insured person fails to select an established price pursuant to subsection 2, the Commission may designate the established price applicable to the contract for the crop year.

PREMIUMS

12.—(1) The total premium is,

- (a) \$4.20 per acre where the established price is 5 cents per pound;
- (b) \$5.50 per acre where the established price is 6½ cents per pound; and
- (c) \$6.80 per acre where the established price is 8 cents per pound.

(2) Notwithstanding subsection 1, the minimum premium payable by an insured person in each crop year is \$15.

(3) The premium prescribed by subsections 1 and 2 includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

13.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person seeds acreage to flax.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit, if any, to the Commission at the time he files the final acreage report prescribed by section 14.

FINAL ACREAGE REPORTS

14.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in Form 3 within ten days after the seeding of acreage to flax is completed.

(2) A final acreage report filed with the Commission shall not be amended without the consent in writing of the Commission.

15.—(1) The Commission may revise the final acreage report in any or all respects and adjust the premium accordingly and, in such case, shall notify the insured person in writing forthwith respecting such revision and adjustment.

(2) The insured person shall be deemed to have agreed with the revision of the final acreage report and adjustment of premium made by the Commission under subsection 1 unless, within ten days from the mailing or delivery of the notification by the Commission, he notifies the Commission in writing that he rejects such revision and adjustment.

(3) Where the Commission receives notice from an insured person under subsection 2, it shall notify the insured person in writing that the contract of insurance does not apply for the crop year in respect of which the final acreage report was filed and shall refund any premium or premium deposit paid in respect of that crop year.

(4) A final acreage report revised under this section shall, failing notice under subsection 2, constitute the final acreage report for the crop year.

16.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

(a) prepare the final acreage report; or

(b) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection 1, the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days from the mailing or delivery to him of a copy of the report.

FINAL SEEDING DATE

17. For the purposes of this plan the final date for seeding flax in a crop year is the 1st day of July or such other date as may be determined from time to time by the Commission. O. Reg. 441/76, Sched.

(3) Where the insured person seeds or plants a crop which is not listed in the Table, the premium

deposit in respect of the acreage so seeded or planted shall be refunded.

(4) Where the insured person seeds or plants a crop which is listed in the Table, and fails to insure the crop, the premium deposit in respect of acreage so seeded or planted shall be retained by the Commission as payment for the coverage provided.

(5) Where the insured person is unable to seed or plant any acreage designated on the application as intended to be sown to a spring sown crop, the premium deposit in respect of such acreage shall be retained by the Commission as payment for the coverage provided.

(6) This paragraph does not apply to, and no indemnity is payable in respect of land,

- (a) that is orchard land, pasture, woodland, seeded to a perennial crop, fall sown or intended for summer fallow;
- (b) that is untilled and was not cropped in the previous year; or
- (c) that, in the opinion of the Commission, is not insurable.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from an insured peril occurs prior to the 1st day of July in the crop year, the Commission, upon application therefor in writing by the insured person, may consent in writing to the reseeded of the damaged acreage.

(2) Where the damaged acreage is reseeded in accordance with subparagraph 1, the Commission shall pay a benefit to the insured person calculated at the rate of \$15 for each reseeded acre.

(3) Where the damaged acreage is reseeded to flax the contract of insurance shall continue to apply to such reseeded acreage.

4.—(1) Where loss or damage occurs prior to harvest, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(2) Where damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph 1, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production for the damaged acreage and the potential

production for the damaged acreage determined under subparagraph 1 by the established price per pound.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph 2 shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

FINAL ADJUSTMENT OF LOSS FOR TOTAL INSURED ACREAGE

5. The indemnity payable with respect to the total insured acreage in the final adjustment of loss shall be the sum of all loss calculations made under paragraphs 2, 3 and 4 applicable to such acreage, but where,

- (a) the actual production of any harvested acreage; or
(b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable in respect of loss

calculations made under paragraph 4 shall be reduced by the amount obtained by multiplying such excess by the established price per pound.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

6.—(1) Where the actual seeded acreage of flax in a crop year is less than the seeded acreage declared on the final acreage report, the guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual seeded acreage of flax in a crop year exceeds the seeded acreage declared on the final acreage report, the production from the total seeded acreage shall be counted and there shall be no increase in the total guaranteed production or the maximum amount of indemnity payable.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

4. You must submit a separate Application (Form 5A) for Rent Review for each residential premises for which you are applying for a rent increase.

Definitions

"Residential Premises" - refers to the premises which are the subject of this application and means:
(i) any premises used or intended to be used for residential purposes, and
(ii) land used as a site for a mobile home used for residential purposes.

"Rent" - includes the amount of any consideration paid or given or required to be paid or given by or on behalf of a tenant for occupancy of residential premises and for any service, privilege, accommodation or thing that the landlord provides for the tenant, whether or not a separate charge is made for such service, privilege, accommodation or thing.

On this form the rent requested is divided into Unit Basic Rent and Separate Charges. Unit Basic Rent means the rent charged for the residential premises and does not include any separate charges payable to the landlord for a service, privilege, accommodation or thing. For example, if a tenancy agreement states that the monthly rent is \$200.00 plus \$20.00 for parking, you should put the \$200.00 under Unit Basic Rent and \$20.00 under Separate Charges. However, if a tenancy agreement states that the monthly rent is \$220.00 including the use of parking space (and the agreement does not state what portion of the \$220.00 is allocated to parking space), you should put the \$220.00 all under Unit Basic Rent.

"Tenancy Agreement" - means an agreement between a landlord and a tenant for possession of residential premises, whether written, oral or implied.

1. A client who has made payment for travel services to a participant in Ontario and who has not received the travel services contracted for, shall be entitled to claim for a refund of moneys so paid to the extent only that such services are not so provided and after he has made a demand for payment from a participant which the participant has refused without legal justification to pay or is unable to pay by reason of bankruptcy or insolvency.
2. No client shall have a claim for the refund of any money paid by him to a participant where he was informed, prior to the making of his payment to the participant, that the money paid by him was a non-refundable deposit or a reasonable service charge.
3. The Board shall determine the eligibility of any claim made by a client and shall direct the Trustee to pay any claim that meets the requirements of this Schedule, and the decision of the Board is final.

4. No client of any participant shall have any vested or absolute right to payment of any claim against the Board, the Trustee or the fund.

(2) Where a participant who is a travel agent has acted in good faith and at arms' length with a participant who is a travel wholesaler and where the participant who is a travel agent has passed his client's money to the participant who is a travel wholesaler and has at his own expense reimbursed his client or arranged alternate travel for travel services contracted for and not provided to the client, effective on and after the 15th day of July, 1975, the participant who is a travel agent shall be entitled to claim for the refund of that portion of the client's moneys passed to the participant who is a travel wholesaler and shall not be entitled to claim any commission received or owing on account of the services contracted for.

(3) The provisions of paragraphs 3 and 4 of subsection 1 and subsection 4 shall apply, *mutatis mutandis*, to a claim made under subsection 2.

(4) A claim for payment out of the fund may only be made by a claimant giving written notice of claim to the Registrar for transmittal to the Board with full particulars thereof and of any payment recovery in respect thereof and the Trustee may require as a condition precedent to making payment of such claim or any part thereof, the delivery and execution of such documents as the Trustee in its discretion or upon the advice of its Counsel considers necessary including such documents as are necessary for transferring to the Trustee the interest of the client in such claim so as to subrogate the Trustee to the position of the client against the participant.

(5) Notwithstanding subsections 1, 2, 3 and 4,

- (a) the maximum aggregate amount of claims which shall be paid in respect of any one participant shall not exceed the sum of \$300 multiplied by the number of participants;
- (b) the Trustee may in its discretion defer the payment of claims in respect of any one participant until the Trustee is reasonably satisfied all claims likely to be made in respect of such participant have been received by the Trustee;
- (c) the Trustee may in its discretion reserve against claims which it thinks may be validly made and any such reservations shall be the equivalent of a payment of such claim for the purpose of an additional payment to the fund under sections 12 and 13 of this Schedule; and
- (d) the Trustee in its discretion may pay claims in respect of any one participant in one or more instalments as it sees fit.

(6) When it appears to the Director or the Board that a client of a participant has been placed in circumstances where immediate funds and facilities are necessary to alleviate the suffering and inconvenience of the client where the client is outside of Canada, the Board, with the concurrence of the Director, may direct the Trustee to pay out of the fund an amount sufficient for the repatriation and necessary accommodation of the client.

(7) The amount of a payment under subsection 6 on behalf of a participant shall be deemed to be an additional payment due to the Trustee by such participant and the Trustee shall demand payment from the participant forthwith.

(8) Notwithstanding the provisions of subsection 1 of section 7 of this Schedule, where a quorum of the Board is not available, the powers set out under subsection 6 may be exercised by any two (2) members of the Board with the concurrence of the Director or his designate in writing.

TERMINATION OF PARTICIPATION IN THE FUND

16.—(1) A participant may withdraw from the fund at any time upon giving two years' notice in writing to the Board, the Trustee and the Registrar.

(3) Where a default is not satisfied within ten days from the date of the notice from the Trustee referred to in subsection 2, the participant shall be deemed to be expelled from the fund.

(4) Subsection 3 does not apply where the default is due to the insolvency, bankruptcy or voluntary or compulsory winding-up of a participant.

(5) Upon withdrawal, or expulsion from the fund, the participant is not entitled to payment out of the fund of any amount paid to the Trustee under the terms of this Schedule.

(6) A participant referred to in subsection 5 shall file with the Board, the Trustee and the Registrar such financial statements and other evidence as the Board and the Director may in their discretion require to establish that the affairs of the participant are settled and that there are no claims on the fund and that arrangements satisfactory to the Board and the Director have been made to ensure that all liabilities and obligations of the participant which should give rise to any such claim have been met and discharged.

(7) Subject to section 15 of this Schedule, upon the expiration of the two years' notice given pursuant to subsection 1 and with the approval of the Board and the Registrar, the participant shall cease to be a participant and his participation in the fund shall cease.

THE TRUSTEE

17.—(1) The Trustee shall be a trust company registered under *The Loan and Trust Corporations Act* and shall be approved by the Director and the fees to be charged by the Trustee for the management of the trust shall be approved by the Director.

(2) The Trustee shall not be required to give any bond or other security for the performance of its duties and shall not be responsible for any diminution in the funds, securities or property of whatever character constituting part of the fund or any loss resulting from the making of any investments or from the retention in good faith for any length of time of securities or other property of whatsoever character purchased or acquired by it notwithstanding that such securities or property may not be income producing, or from any mistake in judgment made in good faith, or from any loss of whatsoever character unless resulting from its own fraud, negligence or wilful misconduct.

(6) The Board or the Director may at any time require the removal of the Trustee on giving ninety (90) days notice in writing to the Trustee.

(7) Upon the resignation or removal of the Trustee or where the Trustee is at any time unable to act, the Board, with the approval of the Director shall appoint as a successor Trustee, a Corporation authorized to do business in Ontario as a Trust Company under *The Loan and Trust Corporations Act* who, upon acceptance of such

appointment, shall, subject to subsection 8, have vested in it without further act or formality, all the rights and powers given under this Schedule to the Trustee who resigned, was removed or was unable to act.

(2) The books and records of the Trustee shall at all times indicate that all approved securities and property howsoever held are part of the fund.

Note

The use of tetracyclines during tooth development (last half of pregnancy, infancy and childhood to the age of 8 years) may cause permanent tooth discoloration (yellow-gray-brown). This reaction is more common during long-term use of the tetracyclines, but has been observed following short-term courses. Enamel hypoplasia has also been reported. Tetracycline drugs, therefore, should not be used in this age group unless other drugs are not likely to be effective or are contraindicated.

Hypertension - Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p 8 (FDA Cardiovascular Advisory Committee).

Hypertension - Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p. 8 (FDA Cardiovascular Advisory Committee)

Form 1

The Crop Insurance Act (Ontario)

FLUE-CURED TOBACCO ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for flue-cured tobacco under The Ontario Crop Insurance Plan for Flue-cured Tobacco, hereinafter referred to as "the plan";

NOW THEREFORE, subject to *The Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover flue-cured tobacco.

GENERAL TERMS AND CONDITIONS

1.—(1) Where the insured person is an owner with a sharegrower, he is eligible for insurance coverage only under Section A in respect of share-cropped allotment.

(2) Where the insured person is an owner who grows his own crop, he is eligible for insurance coverage under Sections A and B.

(3) Where the insured person himself grows all or part of his allotment, in order to obtain insurance under Section A, he must insure all his allotted poundage under a single contract.

(4) Where the insured person is a sharegrower, he is eligible for insurance coverage only under Section B.

2.—(1) It shall be the responsibility of the insured person to establish that sufficient acreage has been

planted to yield the allotted poundage under normal growing conditions.

(2) Where, in the opinion of the Commission the insured person has not planted sufficient acreage to yield the allotted poundage under normal growing conditions, the insurance coverage and indemnity payable shall be reduced proportionately.

3. All acreage planted to flue-cured tobacco in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

EVALUATION OF LOSS

4. For the purpose of determining the loss in production of flue-cured tobacco in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in Sections A and B.

SECTION A

STAGE 1

5.—(1) Stage 1 comprises the period from the commencement of planting or noon of the 20th day of May first occurring in the crop year, whichever is the later, to noon of the 20th day of June in the crop year.

(2) Where loss or damage occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres.

(3) Where the damaged acreage is replanted to the insured crop pursuant to Section B, the contract of insurance shall continue to apply to such replanted acreage.

(4) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with subparagraph 2, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying 40 per cent of the allotted poundage applicable to the damaged acreage by one-half the contract price per pound.

(5) Where the damaged acreage is not used for any other purpose or the crop is not abandoned or destroyed after the Commission has consented

thereto, the amount of loss calculated under subparagraph 4 shall not be taken into account in the final adjustment of loss.

(6) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and to calculate the amount of loss in the manner prescribed in subparagraph 4 with respect to such damaged acreage and, where notice of such intention has been given, the Commission shall calculate accordingly the amount of loss to be taken into account in the final adjustment of loss and the value of the insured crop on such damaged acreage shall not progress beyond Stage 1.

STAGE 2

6.—(1) Stage 2 commences at noon on the 20th day of June in the crop year and ends with the completion of harvesting.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(3) Where the insured crop is abandoned or destroyed in accordance with subparagraph 2, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying 80 per cent of the allotted poundage applicable to the damaged acreage less any potential production determined under subparagraph 2 by one-half the contract price per pound.

(4) Where the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph 3 shall not be taken into account in the final adjustment of loss.

(5) Subject to subparagraph 6, where,

- (a) one-half of the total gross income from the harvested acreage; or
- (b) the actual production from the harvested acreage multiplied by one-half the contract price per pound,

is less than the insurance coverage of the insured person, the amount of loss that shall be taken into account in the final adjustment of loss shall be calculated by subtracting the lesser of the amounts calculated under clause *a* or *b* from the insurance coverage.

(6) The amount of loss calculated under subparagraph 5 shall be reduced by the rental value of any poundage allotment disposed of by the insured person, the amount of which shall be calculated by the Commission on the basis of the prevailing price in the industry less 5 cents per pound.

SECTION B

STAGE 1

7.—(1) Stage 1 comprises the period from the commencement of planting or noon of the 20th day of May occurring first in the crop year, whichever is the later, to noon of the 20th day of June in the crop year.

(2) Where loss or damage occurs in Stage 1, the Commission upon application therefor in writing by the insured person may consent in writing to,

- (a) one replanting of the damaged acreage and, in such case, the replanting shall be completed not later than the 20th day of June in the crop year or not later than such other date as may be determined from time to time by the Commission; or
- (b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres.

(3) Where the damaged acreage is replanted to the insured crop in accordance with clause *a* of subparagraph 2, the contract of insurance shall continue to apply to such replanted acreage.

(4) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with clause *b* of subparagraph 2, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying 40 per cent of the allotted poundage applicable to the damaged acreage by one-half the contract price per pound.

(5) Where the damaged acreage is not used for any other purpose or the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph 4 shall not be taken into account in the final adjustment of loss.

(6) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and to calculate the amount of loss in the manner prescribed in subparagraph 4 with respect to such damaged acreage,

and, where notice of such intention has been given, the Commission shall calculate accordingly the amount of loss to be taken into account in the final adjustment of loss and the value of the insured crop on such damaged acreage shall not progress beyond Stage 1.

STAGE 2

8.—(1) Stage 2 commences at noon on the 20th day of June in the crop year and ends with the completion of harvesting.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(3) Where the insured crop is abandoned or destroyed in accordance with subparagraph 2, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying 80 per cent of the allotted poundage applicable to the damaged acreage less any potential production determined under subparagraph 2 by one-half the contract price per pound.

(4) Where the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph 3 shall not be taken into account in the final adjustment of loss.

(5) Where, upon completion of harvesting,

- (a) one-half of the total gross income from the harvested acreage; or
- (b) the actual production from the harvested acreage multiplied by one-half the contract price per pound,

is less than the insurance coverage of the insured person, the amount of loss that shall be taken into account in the final adjustment of loss shall be calculated by subtracting the lesser of the amounts calculated under clause *a* or *b* from the insurance coverage.

9. In every loss calculation made under Section B, where the actual production is less than 80 per cent of the allotted poundage, the amount of loss so calculated shall be reduced by 25 cents for each pound by which the actual production falls short of 80 per cent of the allotted poundage.

HAIL DAMAGE BENEFIT

10.—(1) Where the actual yield in pounds of any crop insured under Section B is reduced by hail damage below the allotted poundage, the Commis-

sion may pay a hail damage benefit and may adjust the actual yield and in such case the yield to count may be calculated according to the following formula:

(percentage of allotted poundage attained — 36) / 64 x allotted poundage

(2) The hail damage benefit payable under subparagraph 1 shall be the amount by which the actual yield exceeds the yield to count calculated at the rate of 25 cents per pound.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

11. The total indemnity payable in the final adjustment of loss shall be the sum of all Section A and Section B loss calculations but where,

(a) the actual production of any harvested acreage; or

(b) the potential production of any unharvested acreage, exceeds the insurance coverage for such acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying such excess by one-half the contract price per pound.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for a given set of initial conditions. It is shown that the system of equations (1) has a unique solution for a given set of initial conditions if the matrix $A(t)$ is continuous and the matrix $B(t)$ is positive definite. The existence of a solution is also proved for the case when the matrix $A(t)$ is discontinuous and the matrix $B(t)$ is positive definite.

2. The second part of the paper is devoted to a study of the stability of the solution of the system of equations (1) for a given set of initial conditions. It is shown that the solution of the system of equations (1) is stable for a given set of initial conditions if the matrix $A(t)$ is continuous and the matrix $B(t)$ is positive definite. The stability of the solution is also proved for the case when the matrix $A(t)$ is discontinuous and the matrix $B(t)$ is positive definite.

3. The third part of the paper is devoted to a study of the asymptotic behavior of the solution of the system of equations (1) for a given set of initial conditions. It is shown that the solution of the system of equations (1) tends to zero as $t \rightarrow \infty$ if the matrix $A(t)$ is continuous and the matrix $B(t)$ is positive definite. The asymptotic behavior of the solution is also proved for the case when the matrix $A(t)$ is discontinuous and the matrix $B(t)$ is positive definite.

4. The fourth part of the paper is devoted to a study of the asymptotic behavior of the solution of the system of equations (1) for a given set of initial conditions. It is shown that the solution of the system of equations (1) tends to zero as $t \rightarrow \infty$ if the matrix $A(t)$ is continuous and the matrix $B(t)$ is positive definite. The asymptotic behavior of the solution is also proved for the case when the matrix $A(t)$ is discontinuous and the matrix $B(t)$ is positive definite.

5. The fifth part of the paper is devoted to a study of the asymptotic behavior of the solution of the system of equations (1) for a given set of initial conditions. It is shown that the solution of the system of equations (1) tends to zero as $t \rightarrow \infty$ if the matrix $A(t)$ is continuous and the matrix $B(t)$ is positive definite. The asymptotic behavior of the solution is also proved for the case when the matrix $A(t)$ is discontinuous and the matrix $B(t)$ is positive definite.

6. The sixth part of the paper is devoted to a study of the asymptotic behavior of the solution of the system of equations (1) for a given set of initial conditions. It is shown that the solution of the system of equations (1) tends to zero as $t \rightarrow \infty$ if the matrix $A(t)$ is continuous and the matrix $B(t)$ is positive definite. The asymptotic behavior of the solution is also proved for the case when the matrix $A(t)$ is discontinuous and the matrix $B(t)$ is positive definite.

7. The seventh part of the paper is devoted to a study of the asymptotic behavior of the solution of the system of equations (1) for a given set of initial conditions. It is shown that the solution of the system of equations (1) tends to zero as $t \rightarrow \infty$ if the matrix $A(t)$ is continuous and the matrix $B(t)$ is positive definite. The asymptotic behavior of the solution is also proved for the case when the matrix $A(t)$ is discontinuous and the matrix $B(t)$ is positive definite.

8. The eighth part of the paper is devoted to a study of the asymptotic behavior of the solution of the system of equations (1) for a given set of initial conditions. It is shown that the solution of the system of equations (1) tends to zero as $t \rightarrow \infty$ if the matrix $A(t)$ is continuous and the matrix $B(t)$ is positive definite. The asymptotic behavior of the solution is also proved for the case when the matrix $A(t)$ is discontinuous and the matrix $B(t)$ is positive definite.

Made—October 8th, 1976.

Approved—October 27th, 1976.

Filed—October 29th, 1976.

**REGULATION MADE UNDER
THE EDUCATION ACT, 1974**

CALCULATION OF FEES FOR PUPILS, 1977

1. In this Regulation,

- (a) "current cost of operating" means, in respect of a board, its current cost of operating for 1977 as defined in section 1 of Ontario Regulation 861/76 except that, in respect of a board appointed under section 68 of the Act, the revenue fund expenditure for 1977 for all furniture and equipment and all debt charges as defined in section 1 of such Regulation are excluded therefrom;
- (b) "pupil accommodation charge" means pupil accommodation charge as defined in section 1 of Ontario Regulation 861/76.

2.—(1) Subject to subsection 2 and to sections 3 and 6, where a board provides instruction for pupils whose fees are receivable from another board or from Canada, the fees shall be calculated by,

- (a) dividing the current cost of operating in respect of elementary schools or secondary schools, as the case may be, of the board for the year in which it provides the instruction by the average daily enrolment for such year of pupils enrolled at such schools; and
- (b) multiplying the average daily enrolment of the elementary or secondary school pupils whose fees are receivable from the other board or from Canada, as the case may be, by the sum of,
- (i) the amount determined under clause a, and
- (ii) except where the board that provides the instruction is a board appointed under section 68 of the Act, the pupil accommodation charge for such pupils.

(2) Where a board has entered into an agreement under subsection 2 of section 162 of the Act that provides for a payment by the Crown in right of Canada to provide classroom accommodation for a specified number of pupils, the

pupil accommodation charge for each such pupil shall be deemed to be zero.

3. Where a board appointed under section 68 of the Act operates a school in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium and provides instruction therein for pupils whose fees are receivable from any source, the fee for such a pupil shall be calculated by,

- (a) adding to the current cost of operating of the board for the year in which it provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils, and deducting from the total thereof the general legislative grants payable to the board for such year except a grant that is equal to the cost of education;
- (b) dividing the amount determined under clause a by the sum of the days on which each pupil is enrolled at the school; and
- (c) multiplying the amount determined under clause b by the number of days for which the pupil whose fee is being calculated is enrolled at the school.

4. Where a board, except a board appointed under section 68 of the Act, provides instruction for a pupil in respect of whom fees are required to be paid, other than a pupil whose fees are receivable from another board or from Canada, the fees payable by or on behalf of the pupil shall be such as the board may prescribe but, subject to subsection 4 of section 6, shall not exceed the product obtained by multiplying the average daily enrolment of such pupil for the year in which such instruction is provided by the quotient obtained by dividing,

- (a) the sum of the products, for each municipality and part of territory without municipal organization in the jurisdiction of the board that provides the instruction, of the assessment for the preceding year that is rateable for public, secondary or separate school purposes, as the case may be, the mill rate for such year for such purposes, and 0.001,

by,

- (b) the average daily enrolment for such preceding year of resident-internal pupils and resident-external pupils of the board that provides the instruction.

5. Notwithstanding section 4, where in any year a board provides instruction for a pupil in respect of whom fees are required to be paid and whose parent or guardian does not reside in Ontario, the fees payable by or on behalf of the pupil shall be such as the board may prescribe but, subject to sub-

section 4 of section 6, shall not exceed the product obtained by multiplying,

- (a) one-tenth of the sum of the quotient determined under clause *a* of section 2 and the pupil accommodation charge for the pupil,

by,

- (b) the number of months during which the pupil is enrolled in such year in a school operated by the board that provides the instruction.

6.—(1) In this section “high-cost program” means,

- (a) a program where French is the language of instruction;
- (b) a program of special education;
- (c) a program for trainable retarded children; and
- (d) a program that includes technical or occupational courses that qualify in a school year for three or more credits toward the Secondary School Graduation Diploma.

(2) Where the ratio of the average daily enrolment of elementary school pupils whose fees are receivable from another board or from Canada and who are registered in a high-cost program to the average daily enrolment of elementary school pupils whose fees are receivable from the other board or from Canada, as the case may be, is greater than the ratio of the average daily enrolment of elementary school pupils registered in such high-cost program to the average daily enrolment of elementary school pupils registered at the schools of the board that provides the instruction, the fee for a pupil registered in a high-cost program, as determined by dividing the fees receivable in respect of elementary school pupils from the other board or from Canada, as the case may be, under section 2 by the average daily enrolment of such pupils, may be multiplied by a factor to be agreed upon between the board that

provides the instruction and the board from which or the party from whom the fee is receivable.

(3) Subsection 2 applies *mutatis mutandis* in the case of secondary school pupils.

(4) Where a pupil to whom section 4 or 5 applies is registered in a high-cost program, the maximum fees payable in respect of such pupil shall be determined by multiplying the maximum fees under section 4 or 5, as the case may be, by a factor to be agreed upon between the board that provides the instruction and the party from whom the fees are receivable.

(5) Where under this section the board that provides the instruction and the other board or party concerned cannot agree upon a factor, the factor shall be determined by three arbitrators, one arbitrator appointed by the board that provides the instruction, one arbitrator appointed by the board from which or the party from whom the fee is receivable and one arbitrator appointed by the Minister, and the decision of the arbitrators or a majority of them is final and binding upon the board that provides the instruction and the other board or party concerned.

7. Where a board, except a board appointed under section 68 of the Act, provides an education program in a hospital or treatment centre that is not referred to in section 28 of Ontario Regulation 861/76, the fee payable in respect of a pupil who is not qualified to be a resident pupil of the board and for whom such an education program is provided shall be such as may be agreed upon between the board that provides the program and the parent or guardian of the pupil or the board of which the pupil is qualified to be a resident pupil.

8. This Regulation applies to fees for pupils in respect of the year 1977.

O. Reg. 1005/76.

General.

Made—December 15th, 1976.

Filed—December 21st, 1976.

REGULATION TO AMEND
REGULATION 654 OF
REVISED REGULATIONS OF ONTARIO, 1970
MADE UNDER
THE PENSION BENEFITS ACT

1. Clauses *d* and *f* of section 1 of Regulation 654 of Revised Regulations of Ontario, 1970 are revoked and the following substituted therefor:

(*d*) "fully funded" when applied to a pension plan, means a pension plan that at any particular time has assets that will provide for the payment of all pension and other benefits required to be paid under the terms of the plan in respect of service rendered by employees and former employees prior to that time, and has no unpaid initial unfunded liabilities or experience deficiencies;

(*f*) "initial unfunded liability" means the amount by which, on the 1st day of January, 1965, or the date on which a pension plan qualifies for registration, or subsequently as a result of an amendment or as a result of a change in actuarial assumptions, the assets are required to be augmented to ensure that the plan is fully funded;

2.—(1) Subclause ii of clause *b* of subsection 3 of section 2 of the said Regulation is revoked and the following substituted therefor:

(ii) in the case of any other initial unfunded liability, fifteen years from the date on which the initial unfunded liability arose or the number of years to the anniversary of such date in 1989, whichever is the greater;

(2) Clause *c* of subsection 3 of the said section 2 is revoked and the following substituted therefor:

(*c*) where the plan has an experience deficiency, special payments consisting of equal annual amounts sufficient to liquidate such experience deficiency over a term not exceeding five years from the date on which the experience deficiency was determined.

(3) Subsections 4, 7, 10, and subsection 12, as remade by subsection 3 of section 1 of Ontario Regulation 452/73, of the said section 2 are revoked and the following substituted therefor:

(4) An employer shall pay into a plan,

(*a*) all sums received by the employer from an employee or deducted from an employee's pay as the employee's contribution to the pension plan, within the calendar month following the month the sum was received or deducted; and

(*b*) all other sums required to be paid into the plan by the employer in respect of current service, not later than 120 days after the end of the fiscal year of the plan. O. Reg. 1005/76, s. 2 (3), *part.*

(7) Where an employer is required to make special payments into a pension plan, the employer shall pay such special payments into the plan not later than thirty days after the end of the fiscal year for which the special payments are applicable. O. Reg. 1005/76, s. 2 (3), *part.*

(10) Where a plan has an initial unfunded liability or an experience deficiency and the requirements with respect to special payments under this Regulation differ from those under the legislation of any designated province or of the Government of Canada to which the plan is also subject, the Commission may permit an appropriate variation from the requirements of this section with respect to the funding required. O. Reg. 1005/76, s. 2 (3), *part.*

(12) Where the report of a person authorized by section 5 discloses a gain under the plan, the amount of the gain may be applied to reduce any future payments for current service, or subject to subsection 5, to reduce the outstanding balance of any initial unfunded liability or experience deficiency. O. Reg. 1005/76, s. 2 (3), *part.*

3.—(1) Clauses *b* and *c* of subsection 2 of section 4 of the said Regulation are revoked and the following substituted therefor:

(*b*) the gain or the experience deficiency in the pension plan arising as a result of differences between actual experience and the experience anticipated by the assumptions made in the last report, and where there is an experience deficiency, the special payments which will liquidate it over a term not exceeding five years;

(*c*) the gain or initial unfunded liability in the pension plan resulting from a change in actuarial methods or assumptions, and where there is an initial unfunded liability, the special payments which will liquidate it over a term not exceeding fifteen years; and

(*d*) the initial unfunded liability resulting from an amendment to the pension plan and the special payments which will liquidate it over a term not exceeding fifteen years. R.R.O. 1970, Reg. 654, s. 4 (2); O. Reg. 1005/76, s. 3 (1).

(2) Subsection 3 and subsection 4, as remade by section 2 of Ontario Regulation 452/73, of the said section 4 are revoked and the following substituted therefor:

(3) The employer shall file the report with the Commission within one year of the review date established for the report referred to in subsection 1, or within such longer period as may be authorized by the Commission in exceptional circumstances, with such additional information as the Commission requires. O. Reg. 1005/76, s. 3 (2).

4. The said Regulation is amended by adding thereto the following sections:

4a.—(1) In this section,

(*a*) "funded ratio" means the ratio of assets of a pension plan to the liabilities of the plan as determined from a test valuation;

(*b*) "target ratio" when applied to a pension plan, is the funded ratio at the last valuation date of the plan, increased by 1/15th of the unfunded ratio at that date for each year between the last valuation date and the current valuation date;

(*c*) "test valuation" means an actuarial valuation of a pension plan on the accrued benefit method to determine the value at a particular time of all pension and other benefits required to be paid under the terms of the plan in respect of services rendered by employees and former employees to that time, performed in accordance with this section;

(*d*) "unfunded ratio" means the ratio determined by subtracting the funded ratio from 1.00.

(2) Where the report of an actuary is required pursuant to sections 3, 4 or 9, the actuary may determine the experience deficiency of the plan by performing a test valuation in addition to the regular valuation.

(3) In making a test valuation, the actuary shall determine the amount of the accrued pensions, the other accrued benefits and the pensions and other benefits in payment in a manner consistent with the terms of the plan and the actuary shall employ assumptions consistent with a regular valuation provided that,

(*a*) the effect of any amendment to the pension plan since the last valuation date shall not be considered in making the test valuation but shall be included in any subsequent test valuation;

(*b*) the rate of interest assumed shall not exceed 6 per cent;

(*c*) no withdrawal from service shall be assumed other than by death, disability or retirement;

(*d*) where pension benefits are based on final earnings or the best average earnings within a limited number of years, the earnings for the test valuation shall not be less than the current earnings at the valuation date;

(*e*) where the pension benefits are integrated with pensions payable under the *Old Age Security Act* (Canada), the *Canada Pension Plan* or the *Quebec Pension Plan*, the

accrued pension benefits under such plans shall be determined on a basis acceptable to the Commission without regard to future increases to such federal or provincial pensions;

- (f) where employee contributions are required by the plan or permitted on a voluntary basis, the value of the regular and voluntary benefits held with respect to an employee shall not be less than the value of his own contributions together with interest thereon at a rate appropriate to the plan; and
- (g) the assets of the plan shall be valued on a basis consistent with the regular valuation and on a basis acceptable to the Commission.

(4) Where the funded ratio of a plan is equal to or greater than 1.00, it is deemed that no experience deficiency exists.

(5) Where the funded ratio is less than 1.00 the experience deficiency is deemed to be the amount if any by which the assets of the pension plan need to be augmented in order that the funded ratio would equal the target ratio.

(6) In determining the target ratio, the actuary shall determine the funded ratio at the last valuation date, recomputed if necessary to indicate the effect of any amendment not considered pursuant to clause a of subsection 3, and,

- (a) where the funded ratio at the last valuation date is greater than 1.00 reduce the funded ratio to 1.00;
- (b) where the funded ratio at the last valuation date is less than 1.00 determine the unfunded ratio; and
- (c) determine the target ratio.

(7) Where an actuary performs a test valuation, the amount by which an experience deficiency

determined under a regular valuation exceeds an experience deficiency determined under a test valuation shall be deemed to be an initial unfunded liability which shall be liquidated by special payments over a term not exceeding fifteen years.

(8) Where there is a change in the actuarial assumptions of a test valuation or in the method of valuing the assets of the plan since the last report filed with the Commission, the actuary shall demonstrate whether or not an experience deficiency exists on the previous assumptions. O. Reg. 1005/76, s. 4, *part*.

4b.—(1) The report of an actuary filed with the Commission under section 3 or section 4 or section 9 shall be prepared using assumptions which are appropriate for the plan and methods consistent with the sound principles established by precedents or common usage within the actuarial profession.

(2) A test valuation under section 4a shall, subject to the restrictions set out therein, meet the requirements of subsection 1.

(3) Where the Commission is not satisfied that a report has been prepared in accordance with this section, the report shall be amended so as to be acceptable to the Commission. O. Reg. 1005/76, s. 4, *part*.

5. Subsection 2 of section 9 of the said Regulation is revoked and the following substituted therefor:

(2) Where a registered pension plan or a relevant portion of any document under which the plan is constituted is amended, the employer shall immediately file with the Commission a copy of the amendment and such additional information as the Commission requires to determine if the plan as amended continues to qualify for registration, and in the case of an amendment that affects contributions or creates or changes an initial unfunded liability, the employer shall also file with the Commission a report similar to the report required by subsection 2 of section 4. O. Reg. 1005/76, s. 5.
